

Re: NDPDES Temporary Dewatering/ Hydrostatic Testing Permit NDG07000  
& Short Form C - Application

Please **Download** a North Dakota Pollutant Discharge Elimination System (NDPDES) permit **application** and a copy of the **general permit** covering construction, dewatering, and/or hydrostatic testing activity in the state. Please review the requirements and condition for discharging under this permit.

You must complete and return the application for each point you wish to discharge from in order to obtain coverage under this permit. To **expedite** our review process, please include, with your application, any information listed on pages 2 and 3 of the permit, which are not addressed by the Industrial Short Form C application.

Mail To:

**North Dakota Department of Health  
Division Water Quality  
PO Box 5520  
Bismarck, ND 58506-5520**

If you have any questions, please call **701/328-5210**.
